

There is  
**so much to tell...**

4326 Series  
**Matrix**  
Left-facing Built-in Gas Fireplace

Faber helps you create the atmosphere and look you desire for your unique space. Our built-in Matrix models let you design your fireplace - to viewing angles and finishes.

# Left-facing Built-in Gas Fireplace

**Logs**  
Realistic charred log set to maximize the illusion of depth and the appearance of burning firewood. Combine with loose embers for a custom display.

**Burners**  
With a total of five burners, the gas flame has never been more versatile with the ability to adjust the height and width while, the flame uniquely wraps around the logs for an ultra-realistic effect.

**Light Module**  
Provides a pulsating burn on logs for a truly lifelike effect.

**Rear Wall Steel**  
Provides a solid dark interior finish.

**Invisimesh**  
A protective layer of Invisimesh surrounds the glass barrier of the fireplace to prevent anyone from touching the heated surface area and ensure the safety of children and pets.

**Remote Control**  
Uses radio frequency to control all fireplace features from the comfort of your chair.

29,500 - 45,000 BTU
