Dimensions above are in inches and millimeters. Reference dimensions only. We recommend measuring individual units at installation. Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Pictures in this brochure are not a true representation of the fireplace and/or flames. *Inside fit front available for use with custom surrounds that are smaller than a standard overlap door.
